CHRYSLER  
MILITARY SALES  
PROGRAM

AT YOUR EXCHANGE

**CHRYSLER MILITARY SALES CORPORATION**  
 170 Old Country Road, Mineola, New York 11501 Telephone 516 248-1700 Cable Address: CHRYNEWCAR NEWYORK

Dear Sir:

As a member of the Armed Forces, stationed overseas, we are pleased to present you with our 1970 SPECIAL ORDER PRICE KIT for USA delivery. This Kit enables you to complete your order for any Chrysler manufactured vehicle for US delivery.

Chrysler Military Program Representatives will be found in most major Exchange Stores throughout the world, from Stuttgart to Saigon. These specially trained representatives will aid you in every way possible to process your order. If you are not located near any of our representatives, our mail order department will be happy to correspond with you to help you complete your order by mail.

To forward your order, merely fill out the purchase order found in the rear of the Kit and mail, along with your deposit made payable to Chrysler Military Sales Corporation, in the self-addressed envelope to my attention.

The Chrysler Military Sales Program offers members of the Armed Forces the convenience and protection necessary in making a purchase of this magnitude.

We are looking forward to having you join in this program and making you a member of the Chrysler family.

Sincerely,

*R. A. Allen*

R. A. Allen  
 Customer Care

P.S. If you wish to have your car shipped to your overseas station, merely complete your purchase order with the car and equipment desired. The overseas price (no Federal Tax included) will be acknowledged to you.

# QUESTIONS AND ANSWERS

about purchasing a special order car through the Chrysler Military Sales Program

**Q: WHAT ARE SOME OF THE ADVANTAGES OF PURCHASING A CHRYSLER BUILT CAR THROUGH THE EXCHANGE PROGRAM?**

**A:** Being the third largest retail chain in the world, the Exchange has the ability to negotiate excellent discounts on your behalf. Discounts on Chrysler Corporation cars go up as high as 19% which is substantial indeed.

You are able to special order your car while you are overseas and have it waiting for you upon your return to the U.S.A. This not only means your car will be the model, exterior color, interior color, and have the equipment exactly as you desired, but you don't spend for any unwanted equipment.

Your entire transaction is protected by the Exchange agreement including the pricing, terms, acknowledgment and possible cancellation.

**Q: HOW DO I COMPUTE THE TOTAL DELIVERED PRICE?**

**A:** Add to the Special Military Price F.O.B. Factory (incl. Federal Excise Tax)—the second column—\$75.00 for preparation and destination & handling charges to the city of your choice.

For example, the Valiant Duster 340 2 Door Sports Coupe delivered Reno, Nevada:

Special Military Price	
F.O.B. Factory (Incl. Federal Excise Tax)	\$2,282.00
Preparation	75.00
Destination & Handling Charges to Reno	151.00
	<hr/>
	\$2,508.00

To this must be added the Special Military Price of any items of optional equipment you desire.

**Q: HOW MUCH TIME IS REQUIRED BEFORE DELIVERY?**

**A:** The factory requires 45 days to produce your automobile. To this must be added mailing, processing time and delivery of the car itself to the delivering dealer. Your car can normally be delivered within 60 days after order is received at our processing center. Extended deliveries can be arranged to meet your rotation date.

**Q: HOW MUCH INITIAL DEPOSIT IS REQUIRED?**

**A:** \$250.00. However, automobiles ordered and equipped to meet one of the following specifications require a \$500.00 deposit.

- Engine displacement greater than 382".
- 4-speed manual transmission.
- Total delivered price higher than \$3,899.00.

**Q: CAN FINANCING BE ARRANGED THROUGH THE PROGRAM?**

**A:** Yes, several plans are available that conform to the Department of Defense Directive 1344.7.

**Q: WHEN IS BALANCE OF PAYMENT REQUIRED?**

**A:** Since delivery is made throughout the U.S.A. to thousands of homecoming military personnel every year, we have found, based on past experience, that **payment in full made thirty days prior to delivery insures a trouble free delivery.** Our policy of asking for payment thirty days before delivery avoids last minute obstacles or arranging financing, documentation or holding vehicles in abeyance pending receipt of funds.

If you are financing your automobile, you should direct your bank, credit union or finance institution to send us a bank check, draft or letter of commitment so it is in our hands 30 days prior to delivery. The balance of your down payment still due to cover the total selling price of the automobile should be sent to us by you 30 days prior to delivery.

**Q: HOW IS MY ORDER ACKNOWLEDGED?**

**A:** The specifications of your order will be checked by the Customer Care Department. Specialists in this department will complete the transaction through the mail, giving you the personal service needed to answer all your questions.

You will be sent a formal acknowledgment of your order confirming the delivered price, all equipment ordered, the estimated delivery date and place of delivery. You will be sent a booklet detailing all phases of the transaction necessary to take delivery.

**Q: WHERE OR HOW IS DELIVERY MADE IN THE U.S.A.?**

**A:** Delivery is made by an authorized Chrysler Motors dealer. Delivery can be made in most major cities in the U.S.A. If California delivery is desired, the car must be manufactured with Evaporative Emission Control. A 5% State Sales Tax is also mandatory on all cars delivered in California.

**Q: HOW DO I PLACE MY ORDER?**

**A:** Contact your Chrysler Rep at your local Exchange or complete the purchase order included in this booklet, forwarding same along with your deposit to Chrysler Military Sales Corporation, 170 Old Country Road, Mineola, New York 11501.

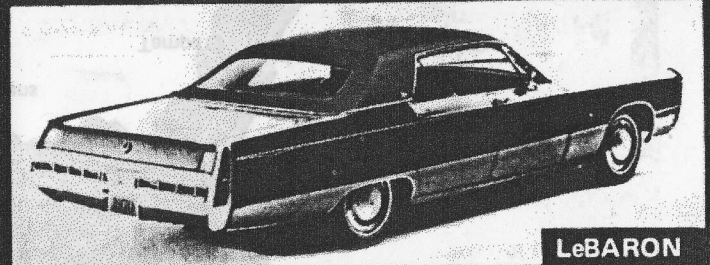

**Q: WHERE CAN ADDITIONAL INFORMATION BE OBTAINED?**

**A:** Chrysler Military Representatives are located in overseas Exchanges throughout the world. Our Customer Care Departments in the U.S.A., Europe and the Far East are there to help you with any inquiries or problems, before or after delivery.

## Additional Terms and Conditions

- GENERAL.** This order is with Chrysler Military Sales Corporation (CMSC), seller, authorized distributor for Chrysler International S.A. Any complaint should be addressed to CMSC, 16 Karlstrasse, 6 Frankfurt/Main, West Germany or to CMSC, USA liaison office, 170 Old Country Road, Mineola, New York. Oral promises not reduced to writing are incorporated in this order and are not binding. This order is for a new car; it constitutes Purchaser's offer to buy and is subject to acceptance by the seller. Any car delivered pursuant to this order will be accompanied by the manufacturer's new car warranty in writing (but no other warranty) and by sufficient documentation of sale to permit Purchaser to register the vehicle with license authorities. If this is a special order, it is one for a car to be manufactured according to specifications in the order, and requires approximately 75 days for delivery. Purchaser is responsible for making his own arrangements for financing and insurance. Seller may require proof of Purchaser's ability to finance the balance of payments due before the order will be accepted.
  - PROCESSING AND ACCEPTANCE OF ORDERS**
    - Special Orders:**

Seller agrees to process all special orders expeditiously and as soon as possible after receipt of an order, will acknowledge the order in writing to the customer identifying the automobile, model, color, optional equipment, price and advising the approximate date on which the automobile is expected to be delivered to the appropriate pick up point, in the case of continental U.S. delivery, or to the appropriate military port terminal for shipment by MSTIS or to the appropriate commercial port in case of commercial warehouse verifying automobile model, color, optional equipment, serial number and price. This acknowledgment will constitute or be accompanied by a statement to the customer for purpose of customer's final payment. If seller is unable to fill the order in strict compliance with the order specifications as to make, model, color, items of optional equipment, price or delivery date, seller will advise the customer without delay. Except for changes in optional equipment resulting in a price increase or decrease of \$50.00 or less, the customer has the option of accepting a change in his order or canceling his order without liability.
    - Prepositioned Stock:**
      - Overseas Stock.** Seller agrees to process "immediate delivery" orders expeditiously including use of electrical means of communication between its participating offices and representatives. Each such order will be acknowledged in writing by the fastest means to the customer by the bonded warehouse verifying automobile model, color, optional equipment, serial number and price. This acknowledgment will constitute or be accompanied by a statement to the customer for the purpose of final payment. If the seller is unable to fill the order in strict compliance with the order specifications as to make, model, color, items of optional equipment, price or availability date, he will advise the customer without delay. Except for changes in optional equipment resulting in a price increase or decrease of \$50.00 or less, the customer has the option of accepting a change in his order or canceling his order without liability.
      - United States Stock.**
        - When the requested delivery date does not allow sufficient time for a special order, seller may take orders (which are not special orders) for U.S. delivery to be sold from dealer or other stock already in existence in the U.S. When the seller takes such an order whether it be for one particular car or for a first choice and alternate, in order of choice, seller will advise the customer that before the order can be further processed, it will be necessary to ascertain the automobile(s) available within the desired range and seller will, if the customer does not then withdraw his order, determine by teletype or means equally as rapid whether the particular automobile or one of the alternate choices can be reserved for the customer for delivery in the U.S. at the requested delivery point and on the requested delivery date. In case the order cannot be fulfilled, customer shall promptly receive full refund. In case the order can be fulfilled, seller shall reserve a particular automobile in order of choice for the customer. Upon confirmation of the reservation, customer shall be notified in writing of the particular automobile reserved for him, such notice to include full details as to price, make, model and other essential features. This notification shall be given to the customer within 12 days from the time the order is placed unless the customer and the seller have agreed in writing to a different period.
        - Seller will hold the car reserved for the customer for a period of at least 5 business days beginning with the date delivery was requested unless the customer has paid in full or pays in full during the five day period. If such payment in full has been made the automobile will be held for the customer until his consent to release it is obtained, or for a period of at least 10 calendar days, whichever is shorter.
  - PAYMENT**

Seller is not obligated to make delivery until paid in full on or before the designated date appearing on Seller's acceptance of this order. Payment should be made by U.S. postal money order, cashier's or certified check payable to CMSC. Payment by personal check is not valid until check has cleared.
  - ACTION UPON FINAL PAYMENT**

As soon as practical after receipt of final payment by Seller, a receipted invoice will be furnished to customer identifying the automobile by serial number and model.
  - SHIPMENT AND DELIVERY**
    - MSTIS Shipments.** Where delivery is to a military port in Continental U.S. for MSTIS shipment overseas, Seller's responsibility for effecting delivery under the terms of its sales agreement with the Purchaser is discharged when delivery is made at the U.S. military port, and title and risk of loss will pass to the customer at that time. Seller will make delivery to the Port Transportation Office at the designated military terminal and Seller will notify the customer without delay of the date and port of such delivery in order that the customer may arrange with the MSTIS authorities to pick up the automobile at the overseas port of entry. Seller is not obligated to effect such delivery until payment in full is made.
    - Commercial Shipments.** Where delivery to overseas destination includes ocean movement by commercial, rather than Government-furnished means, Seller's responsibility under the terms of its sales agreement with the purchaser will be discharged upon delivery to the commercial shipping line and legal title and beneficial ownership to the vehicle and risk of loss thereof shall pass to the customer upon delivery to the commercial shipping line. Seller is not obligated to effect such delivery until payment in full has been received. The customer will be notified without delay of the shipping date, name of vessel, manifest number, and estimated date of arrival at overseas port of entry. A non-negotiable copy of the bill of lading will be included with the notification.
  - U.S. Delivery.** Where delivery is to a dealer in the United States designated by the customer, Seller's responsibility for effecting delivery under the terms of the sales agreement with the purchaser is discharged upon actual delivery to payment and acceptance by the customer, and title and risk of loss will pass to the customer at the time of payment and delivery to the customer. Automobiles will be inspected and serviced prior to delivery to customer. Seller is not obligated to effect such delivery until payment in full has been received.
  - Delivery from Prepositioned Overseas Stock.** Where delivery is to the customer, Seller's responsibility under the terms of its sales agreement with the purchaser will be discharged upon actual delivery to payment and acceptance by the purchaser as provided in such agreement and the risk of loss will pass to the customer at the time of payment and delivery to the customer. Automobiles will be inspected and serviced prior to delivery to the customer. Seller is not obligated to effect such delivery until payment in full has been received.
  - Preparation, Servicing and Inspection.** For all special orders for overseas delivery, automobiles will be inspected and serviced and will be prepared for ocean shipment prior to delivery to the designated terminal and port of shipment, but final mechanical adjustment may be made by the authorized garage as approved by seller.
- STORAGE CHARGES**

The costs of demurrage or storage for the first thirty (30) days after the date designated for delivery in the continental U.S. shall be borne by seller. Thereafter the actual costs of such demurrage or storage shall be borne by purchaser, but in no case shall such charges exceed two dollars (\$2.00) per day.
- COMPLIANCE WITH ORDER TERMS**

Seller shall be responsible and liable to supply and make delivery of automobiles in accordance with orders signed by the purchaser and accepted by seller, provided, however, that seller shall not be held responsible in any manner for failure to fill or delay in filling any order for an automobile, including optional equipment, or other failures to perform when the same is due or the result of inability of the factory to deliver due to strikes or other labor troubles, fires, floods, material or labor shortages, embargoes, stoppages in transit, direct or indirect acting agents of orders of Government, allocation of automobiles and other priorities to and among customers in order to satisfy bona fide priority requirements due to war, sabotage, acts of God or the public enemy, and other causes beyond the control of seller. In any such case where delivery is not made seller will notify the purchaser as soon as practicable and the purchaser shall be entitled to a full refund for all payments made.
- CANCELLATION OF ORDERS**
  - By the purchaser. The purchaser may cancel his order under the following conditions:
    - For delivery overseas. By written notice delivered to Chrysler Military Sales Corporation, 16 Karlstrasse, Frankfurt at least 60 days prior to the estimated port delivery date appearing on the order acknowledgment.
    - For United States Delivery. By written notice delivered to Chrysler Military Sales Corporation, 170 Old Country Road, Mineola, New York at least 60 days prior to the estimated delivery date appearing on the order acknowledgment.
    - For Delivery from Prepositioned Stock located either in the U.S. or Overseas. At any time prior to delivery of the automobile by written notice to Chrysler Military Sales Corporation, 16 Karlstrasse, Frankfurt/Main, or 170 Old Country Road, Mineola, New York.
    - In Case of a Compassionate Reason. By written notice delivered to Chrysler Military Sales Corporation, 170 Old Country Road, Mineola, New York at any time prior to the estimated delivery date appearing on the order acknowledgment because of a compassionate reason certified by the commanding officer of the customer's command. However, the compassionate reason, as certified by the commanding officer shall have arisen after the last day the customer could have cancelled his order under the provisions above in (1), (2) and (3) and further provided that such notice shall be delivered to the seller within 5 days after such transfer or compassionate reason shall have arisen.
    - Where the seller fails to comply with the order as acknowledged as to make, model, color, requested, delivery date or price or fails to furnish items of optional equipment as listed, price in excess of \$50.00 unless customer accepts such changes.
  - By Seller. Seller may cancel if customer fails to pay the balance due on the order within 15 days after the estimated port delivery date or delivery date for U.S. delivery whichever is applicable or appearing on the order acknowledgment, provided customer does not and has not cancelled his order under any of the clauses of A above.
- REFUND OR FORFEITURE OF DEPOSIT UPON CANCELLATION**

When seller cancels the order as provided in subparagraph A, Clause B for customer's failure to pay the balance due and where the customer cancels the order, except for customer cancellations under conditions described in subparagraph A of Clause B:
  - the seller may retain from any payments theretofore received such amount, not to exceed \$250.00
  - except, however, for automobiles ordered and required to meet one of the following specifications: (1) engine displacement greater than 382 cu. in., (2) 4-speed manual transmission, (3) a total dealer purchase price exceeding \$3,899.00, the seller may retain a purchase cancellation amount not to exceed \$500.00as may be necessary to cover the distribution, handling and delivery charges specified on the order and actual loss incurred in storing, diverting, returning, or loss incurred in reworking the automobile. Any balance in excess of such amount will be refunded to the customer who shall receive an itemized statement of cost or expenses incurred in the refund due from the seller to the customer shall be made promptly.
- WARRANTY REPAIRS**

In the continental U.S. warranty repairs shall be performed by any authorized dealer of Chrysler Motors Corporation at no charge to purchaser. In overseas areas, seller shall honor receipted bills paid by purchasers for warranty repairs performed with the prior approval of or ratified by seller. Such warranty repairs may be performed by exchange or any other garages authorized by seller.

### IMPORTANT:

When you pick up your car from the local United States dealer, it should be ready as ordered. If there are any questions regarding your order, they normally can be resolved at that time. Questions that cannot be handled by the dealer should be directed to Chrysler Military Sales Corporation, 170 Old Country Road, Mineola, New York 248-1700 (area code 516). Headquarters, Army and Air Force Exchange Service is interested in assuring that you receive your car as ordered. Differences which have not been resolved should be reported to the Contracting Officer, Hqs. Army and Air Force Exchange Service, Dallas, Texas 75222, Telephone J14 330 3119

I understand that:

- 1) The seller's decision to initiate manufacture of my order will be based on this statement of financial responsibility and I warrant that all statements herein contained are true.
- 2) Financing of the automobile is my sole responsibility and not that of the seller.
- 3) Balance of the cash portion of the selling price and if financed, a commitment from the financing institution must be received by the seller 30 days before the scheduled delivery date. I understand that if I am an E6 or below and I cannot adhere to this policy, I must apply to the company by submitting a separate form "Request for Approval of Payment on Delivery - C.O.D."
- 4) If I wish to cancel my order, written notice must be received at the address of the processing office on the purchase order, a minimum of 60 days before the designated delivery date (unless for a compassionate reason as stipulated in the purchase order) and that I can lose up to \$250 on a normally equipped car and up to \$500 on a specialized automobile (over \$3,899 selling price, 4 speed transmission or over 382 cubic inch) if I cannot make full payment - either by my failure to provide financing or the cash portion of the selling price or both.
